Search and Rescue Field Trip Protocol

- a) A communicated agenda before members depart,
- b) All parties leaving at the same time,
- c) Communication between parties during the field trip (use of phones, walkie talkies, notes at camp, etc),
- d) New member preparation, perhaps 15 minutes before departure,
- e) Confirm who has first aid (assign a safety monitor), and
- f) Everyone signs the release of liability.
- g) Boundaries of public collecting area identified and land owner contacted before entering property (if private property). If NARG has an established relationship with the land owner, permission should go through the board first.
