

NORTHWEST FOSSILFEST

Visit the
Pleistocene
Epoch!

August 8, 2015

presented by
**North America
Research Group**
nargpaleo.org

Inspire, Inquire, Interact

In addition to NARG's significant discoveries, an exquisite collection of Pleistocene mammal bones from the Pacific Northwest will be on display.

Plan to attend lectures on paleontology, including Mike Full of the Yamhill River Pleistocene Project and Dave Ellingson from Woodburn High School.

Fossil identification help.

Observe and participate in fossil preparation demonstrations.

And, many educational activities for kids!

Saturday, 10:00am to 4:00pm

Rice NW Museum of Rocks and Minerals
26385 NW Groveland Drive, Hillsboro, Oregon

NARG message phone #: 503-364-2979
